Remarks (not compulsory):

[Large empty box for remarks]

The grades in "Therapy in a Clinic" should take the following criteria into account:

Domain		Grade
General work habits	Interest in the practicum and its contents	
	Becoming acquainted with the procedures in the practice	
	Degree of independent work	
	Own initiative in the preparation of tasks	
	Reliability	
	Punctuality	
	Care in dealing with the material	
	Grade for the domain "General work habits"	
Interaction with the client	Appropriate behaviour while observing (e.g. friendly behaviour, discretion)	
	Empathy and esteem for the client and his/ her relatives	
	Patience as a basic attitude in therapy	
	Flexibility in role change: observation – active involvement within a therapy unit	
	Awareness of own language use in therapy (therapeutic language, language model, intelligibility)	
	Authenticity	
	Grade for the domain "Interaction with the client"	
Therapeutic competence	Knowledge about types of impairments and ways of intervention	
	Becoming acquainted with therapeutic requirements and enhancement of skills (taking account of new concepts, methods in the literature, new material)	
	Deduction of therapy goals (ultimate and short term goals)	
	Competence in the selection and application of methods	
	Pedagogical and therapeutic implementation of therapeutic content	
	Creativity in the design of therapeutic units	
	Accounting for own therapeutic action	
	Competence in counselling	
	Implementation of constructive criticism from the supervisor	
	Ability to think about therapeutic actions (e.g. evaluation of actions with regard of modifications, change in goals etc.)	
	Grade for the domain "Therapeutic competence"*	

Ability to work in a team	Interaction with colleagues and superiors (e.g. demeanour, politeness, openness)	
	Ability to criticize, accept criticism and to deal with conflicts	
	Involvement in discussions	
	Contribution of own expertise and own ideas	
	Initiative in taking over tasks	
	Grade for the domain "Ability to work in a team"	
	Sum of grades for the four domains divided by 4	$\Sigma: \frac{\quad}{4}$ =
	= Overall grade for the practicum (rounded*) (please note it down in the box below)	
Additional remarks of the supervisor (not obligatory):		

This is to certify that all of the documented hours of clinical practicum/internship were supervised.

Name of supervisor:

The overall grade for the practicum is* (obligatory*)

Signature and seal

* Possible grades are: very good (sehr gut, 1), good (gut, 2), satisfactory (befriedigend, 3), pass (ausreichend, 4) inadequate (mangelhaft, 5). For a more differentiated evaluation the grades may be lowered or raised by 0,3. The grade 0,7 as well as 4,3 and 5, 3 are excluded. The grade on this certificate will contribute to the final grade of the master program

To be filled out by the LUDWIG-MAXIMILIANS-UNIVERSITÄT MÜNCHEN:
